TAMMY'S MISSION TO HELP HENLEY AFTER TODAY SHOW CALL OUT

HENLEY'S MISSION

- * Henley Carey, 1, was diagnosed with (MPS) Mucopolysaccharidosis type I in March;
- * The rare genetic condition causes swelling in his body which impairs his organs;
- * Darcy Carey, 3, will undergo surgery to give his younger brother bone marrow;
- * While the disorder is incurable, the transplant will extend, and better, his life;
- * A gofundme page - <http://gofundme.com/a-helping-hand-for-henley/>

TAMMY Nash has never been one to seek the limelight. A quiet achiever, Tammy has been a reliable and positive employee of Currajong for a few years now and is popular among staff and participants. So when she saw a recent story on the Today Show about a call out to help Henley Carey she felt compelled.

"I saw Henley struggling with MPS so I knew I had to get involved," she said. "So I organised a painting for Henley's room created by our participants." "A big thanks to all who contributed - you're all stars!"

There's always something going on at

TOP (L-R): Timbo making tacos; Shannon manning the BBQ; Joey working out; The Cecile Street girls have some unexpected visitors and John Carey holds a bub at Westview.

Keeping everyone safe:

Physical distancing

helps stop the spread of COVID-19 between people

Stay 1.5 metres or 2 big steps away from other people.

Follow NSW rules for gatherings (individual and business).

Limit visits with family or friends. Talk to them on the phone or online instead.

Outdoor exercise is OK but stay 1.5 metres away from others.

No shaking hands, hugging or kissing other people.

Get tested if you have any symptoms. Self-isolate until you get your test results.

Stay Safe

Wash your hands with soap for at least 20 seconds or use a hand sanitiser.

Cough or sneeze into your elbow or a tissue. Throw the tissue away immediately.

COVID-19 symptoms

Fever

Cough

Sore throat

Shortness of breath

For more information

Call the National Coronavirus Health Information Line on 1800 020 080.

For a free telephone interpreter ring 131 450, say the language you need. Ask the interpreter to connect you to the Coronavirus Health Information line.

Restrictions lifted ...

Reminder: How to reduce your exposure and chances of getting COVID-19:

- Wash your hands often with soap and water for at least 20 seconds, especially after you have been in a public place, or after blowing your nose, coughing, or sneezing. If soap and water are not readily available, use a hand sanitiser with at least 70% alcohol.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Cover your nose and mouth with a tissue when you cough or sneeze, throw used tissues in the bin and clean your hands with soap and water or sanitiser. If you don't have a tissue, sneeze or cough into a flexed elbow.
- Clean and disinfect frequently touched surfaces each day. i.e. tables, bench-tops, door handles.
- Stay home if you are sick and don't expose others. If you are unwell with flu-like symptoms, do not go outside your home, do not go to work, school or shops unless it is essential.
- Do not shake hands, hug or kiss as a greeting.
- Keep a distance of 1.5 metres between yourself and other people.
